Going out with a negative test result?

This is how the access pass works:

1. Before

- Make a free appointment for a test at **testenvoortoeegang.nl**.
- Make an appointment for a test up to 24 hours in advance and at least 2 hours before your visit.
- Children up to the age of 13 years do not need to be tested.

2. The test

- Go to the test location.
- Bring valid proof of your identity and confirmation of your test appointment.

3. The result

- You will receive the results within two hours.
- You can use a negative test result to create an access pass.

A stylized illustration of a person with orange hair, wearing an orange jacket over a white shirt and blue pants, sitting on a grey bench. The background features a light blue sky with soft, pastel-colored clouds and a dashed pink line with arrowheads at the top.

4. Digital access pass

- Download the CoronaCheck app and enter the retrieval code for your test result.
- The app will create a QR code. This is your digital access pass.

5. Printed access pass

- No smartphone?
You can create and print an access pass at coronacheck.nl.

6. At the location

This is what you need to bring with you:

- digital or printed access pass
- valid proof of identity (for everyone aged 14 upwards)

If you have symptoms, get tested.
