

Connecting Worlds

Healthcare Clowning International Meeting

Live program

6 - 8 October 2021

The Hague | The Netherlands

Welcome

Whether you work for a clown organisation or as a professional for a (healthcare) organisation, we are happy to welcome you to The Hague for the Healthcare Clowning International Meeting from October 6th - 8th 2021. You can join us either in person, or online, from anywhere in the world, to connect worlds, connect people and change spaces. There we will meet all the people who are part of the life-changing experience of healthcare clowning.

You can look forward to an interesting and interactive conference with inspiring speakers and professionals. We will look at everything from different angles. From impact and our role in society to the art of clowning and fundraising, as well as innovation and online opportunities.

Especially in these **extraordinary times** it's important to keep in touch with each other. We also experience the power of **real contact** when it is less easy to see or touch each other. It's great to see how everyone deals with this, how people have found **creative ways to connect** with each other.

This also applies to the Healthcare Clowning International Meeting in 2021. We don't yet know what the world will look like and what is possible at that time, but we'll see it through and let it continue anyway. Here in **The Hague**, or online from anywhere in the world, so that you can experience this **amazing conference** as an inspiration for making impact in your own way!

If you come to The Hague, you can enjoy one of the most special cities in the Netherlands. But also a **great conference venue** with tasteful décor and with enough space to keep a social distance from each one another. For our online participants there will be fully equipped webcast studios and livestream possibilities.

We believe in possibilities. Let's connect in person or online!

On behalf of the organisation of HCIM2021 with a smile,

Jacqueline Kaptein (Artistic leader)
Ilse Beckers (Chief Engagement)
Coen Abbenhuis (Managing Director)

Information about the venue

Fokker Terminal
Binckhorstlaan 249
2516 BB The Hague
0031 (0) 70 262 90 66

For more visitors information,
please click [here](#).

Practical information

Personal program app

During the conference, participants with a smartphone, will have access to a Congress app. In this app you will find, among other things, your personal program with the corresponding rooms. You will receive more information about this app shortly before the conference.

Evening events

Circle Song with Roger Treece, Wednesday 6th of October

This part is free and only for participants in The Hague of the first day. During this Circle Song you will experience how to create musical motifs from your environment and use them to engage your audience.

Festive dinner

This evening event is only for participants who have additionally registered for it during their HCIM2021 registration process. You can enjoy a festive dinner in a typical Dutch atmosphere. This walking dinner will be indoors and outdoors: please take this into account in terms of clothing and footwear. Let us surprise you with an unique location!

More information

Keynote speakers

Information about our keynote speakers and plenary panelists you can find [here](#).

Partners

Thanks to the contribution of a number of partners, we can make HCIM happen. See [here](#) who these are.
